Bailey Road
PATNA – 800 023

Proposal No. **SIA/BR/IND2/562992/2025**

Sub: **AMENDMENT IN ENVIRONMENTAL CLEARANCE**

Sir,

With reference to above referred subject, followed by EDS raised on our proposal, we would like to submit herewith as under ;

EDS Query	Submission
You are increasing the production capacity from 60 KLD to 100 KLD. Your project is an expansion project. Therefore, it should be applied for as an expansion EC project, but you have applied for an amendment in EC.	Till date we have not started the construction activity of 60 KLD distillery project. Earlier we have planned for start of construction activities but it cannot be executed as 60 KLD Molasses Based project will not be viable as it will be operated for 240 days in a year as per CPCB Guidelines. 100 KLD Distillery based on dual feed (Molasses/Grain) could be operated for 350 days per year. One time construction of 100 KLD distillery will also be financially viable. Therefore, we have submitted our proposal for amendment in existing EC. GPS photographs of Project Site is also attached herewith.

In view of the above, you are requested to consider our Project for grant of Environmental Clearance in next SEAC meeting at the earliest.

Thanking you
Yours faithfully

Krishna Kumar Bajoriya
Managing Director
