Sub : **AMENDMENT IN ENVIRONMENTAL CLEARANCE**

Dear Sir,

With reference to above referred subject, we would like to submit herewith as under ;

1. SEIAA, Bihar has granted EC, for your proposed 60 KLD Molasses based distillery project, vide F. No. SIA/5(g)/2045/2022 Dt: 28.08.2023.
2. Till date we have not started construction activity for establishment of proposed molasses based distillery.
3. In present scenario 60 KLPD molasses based distillery is not a financially viable option, as it will be operated only for 240 days as per CPCB guidelines. 100 KLD Distillery based on dual feed (Molasses/Grain) could be operated for 350 days per year. Thus, 100 KLD project will be financially viable.
4. It is proposed to utilize molasses (220 TPD) generated from our sugar mill, but molasses will be available for limited period of cane crushing season. During non-availability of molasses and off season grain (Rice/Maize/Corn) will be used as raw material for uninterrupted operation of project.

In view of the above, we are submitting herewith EC amendment proposal for amendment in production capacity from 60 KLD to 100 KLD and raw material from Molasses to dual feed viz. molasses / grain.

This is for your kind reference and needful action at your end.

Thanking you
Yours faithfully

(Krishna Kumar Bajoria)
