Details of Action Plan for the issues raise during the Public Hearing

S.No	Name & Address	Issues Raised by Locals/Public	Answers given by Consultant (Response/Action Plan)
1	Mr. Rakesh Kumar Village: Lodipur, Paraiya, District: Gaya.	Questions were asked related to controlling dust particles emitted during sand transportation and providing employment to local people.	In this regard, it was told by the environmental consultant of the project proponent that to control the dust particles emitted during sand transportation, water will be sprinkled three to four times a day. During the transportation of vehicles laden with sand, water will be completely sprayed. Vehicles will be transported covered with tarpaulin and trees will be planted on the roadside around the mining area, so that the dust does not have any adverse effect on the agricultural land of the local villagers. Also, during sand lifting, maintenance of trees and other works, local citizens will be given priority and given employment as per their capability. Thus, Shri Rakesh Kumar was satisfied by presenting his answer.
2	Shri Ramvilas Sharma, Village : Dakhner, Paraiya, District: Gaya.	After sand mining by them, sand laden vehicles hours of operation; A question related to this was asked.	In this regard, the environmental consultant told that after sand mining, sand laden vehicles will be operated mostly in the afternoon and night. Thus, Shri Ram Vilas Sharma was satisfied by presenting his answer.
3	Shri Uday Singh, Village : Dakhner, District: Gaya	A question was asked regarding the depth of sand mining in the river.	In this regard, it was stated by the the environmental consultant that the ongoing mining in the river is up to a depth of 3 meters or above the ground water level.

			Thus, Shri Uday Singh was satisfied by presenting his answer.
4	Shri Rampravesh Sharma, Village: Dakhner, District: Gaya	A question related to this was asked regarding arrangement of sand mining and monitoring by local administration.	In this regard, the environmental consultant told that whatever sand will be mined will be in accordance with the guidelines set by the government. If the work is not done as per the guidelines prescribed by the lessee, then a complaint can be made to the local administration and district officer. Thus, Shri Ramparvesh Sharma was satisfied by presenting his answer
5	Shri Abhyanand Kumar, Village: Salempur, District: Gaya.	A question was asked regarding benefits and progress to nearby villages near the sand mining area	In this regard, it was told by the environmental consultant that during sand lifting, maintenance of trees and other works, local citizens will be given priority and employment will be given as per their capability. This will increase the revenue of the government as well as the construction work of government buildings and private buildings. Thus, Shri Abhyanand Kumar was satisfied by presenting his answer.
