01	Mr. Rahish Yadav, Village: Chilongiya, District: Nawada	They said that there is a problem of pollution from the sand ghat and rural women are facing difficulty in going to the toilet. At times a lot of noise is made on the sand ghat. They complained about this and demanded that the ghat should not be opened.
02	Shri Vijay Yadav, Father Late Gajadhar Yadav, Village: Milky, District Nawada.	It was told by them that the ghat is situated at a very narrow place due to which there is a lot of difficulty in the traffic and movement of villagers. It was also told that during the sand excavation in the past, more than 20 feet of sand has been excavated, due to which the sand in the ghat has decreased. Complaining that there was no sand, a demand was made not to open the ghat.
03	Shri Vrikkishor Yadav, Village: Jamuwaha, District: Nawada.	It was told by them that there was a problem of air pollution during the previous excavations, the pan level of the river was also not equal, too much sand had been lifted due to which many potholes had formed at some places. Complaining that there is only one river for irrigation of the villagers which is connected to the canal, a demand was made not to start the ghat.
04	Shri Raushan Kumar, S/o Late Parlok Prasad, Village: Paura District: Nawada.	It was told by them that there is a lot of difficulty in extracting sand from the ghat and the problem of pollution is also very high. Also, too much sand has been lifted; While complaining, a demand was made not to open the ghat.
05	Mr. Upendra Kumar, Village: Chilongia, District: Nawada.	The demand was made not to start the sand ghat directly.

06	Shri Nagendra Singh, Father: Late Lakhan Singh, Village: Bermi, District: Nawada.	It was told by them that a lot of sand has been mined in the sand ghat, due to which about 05 people have died last year; While complaining, a demand was made not to open the ghat.
07	Mr. Gaurav Kumar, Father: Mr. Umesh Yadav, Village: Bhim Bigha, Circle + Police Station: Narhat, District: Nawada.	It was also told by them that illegal mining of sand is done due to which 05 people have died last year due to formation of potholes. Besides, the road has also become bad. This should be stopped.
08	Mr. Prateek Kumar, Father: Shailendra Kumar, Village: Hariha Bighan, District: Nawada.	It was told by them that during sand operations, the tractor is driven in a very uncontrolled manner, due to which there is a possibility of accident; While complaining, a demand was made not to open the ghat.
09	Shri Vipin Kumar, Village: Chilogiya, District- Nawada.	It was also told by them that there has been a lot of sand lifting in the sand ghat, due to which about 05 people have died last year and also complaining about the problem of pollution, a demand was made not to sand the ghat.
10	Shri Mithlesh Kumar, Village: Milky, District Nawada.	It was told by them that due to the previous excavation, there has been a problem of water in some places. But many pits have been formed, due to which the villagers are facing a lot of problems in irrigation; While complaining, a demand was made not to open the ghat.
11	Shri Kuldeep Yadav, Village: Jamuawa, P.O. Kadirganj, District Nawada.	It was told by them that the trees are connected to the Sakri river. Due to mining, 3-4 deep potholes have formed in the river. There has been less rainfall this year, due to which there is no water in the pond. This should be kept in mind and sand mining should

		not be allowed near crematoriums, temples, mosques and bridges.
12	All the local residents present in the public hearing unanimously said that there is no sand in this sand ghat. There has been a lot of sand lifting on this ghat in the east, due to which potholes have formed in the river at some places, due to which the villagers remain afraid of children and cattle drowning. Also, a demand was made not to start this sand ghat.
