Details of Action Plan for the issues raise during the Public Hearing

S.No	Name & Address	Issues Raised by Locals/Public
1	Shri Shiv Shankar Singh, R/o Saifganj, Banke Bazaar, District – Gaya	It was told by them that we, Save Sand Water Environment Sangharsh Morcha, Dumariya, and Imamganj have been protesting all the time to stop the operation of this sand ghat, what measures were taken as well. They told that there has been no rain in this area this year. Due to which there is no water in the river and too much sand has been lifted during the previous excavation, due to which many pits have formed at some places, due to which the villagers remain afraid of children and cattle drowning. Irrigation of villagers. The only means to do this is a river which is connected by small canals. It is a mountain river. Demand was made not to approve this sand ghat.
2	Shri Indradev Singh, R/o Bechu Bigha, Banke Bazaar, District – Gaya	It was told by him that water is life. We people There are very poor and backward people, currently this river The condition is worth seeing. Agriculture is the only way to survive here There is only one source. Here, any kind of employment There is no arrangement. In this way, It was suggested not to open the ghat.
3	Mohammad Ayub Ali, Banke Bazaar, District – Gaya	It was told by them that there has been no rainfall in this area this year, due to which there is no water in the river and during the previous excavation, too much sand has been lifted, due to which many pits have formed at some places, due to which There is a fear of villagers' children and cattle drowning. One river is the only source of irrigation for the villagers. A demand was made not to approve this sand ghat.
4	Mohammad Ashraf Ali Khan, R/o Khera, Banke Bazaar, District – Gaya	It was told by them that there was a problem of air pollution during the previous excavations, the level of the river has also gone below the pain level, due to which the villagers face difficulty in sowing. Here there is only one river for irrigation of villagers which is this mountain river. A demand was made not to approve this sand ghat.

4	All the local residents present at the public hearing unanimously said that there is no sand in this sand ghat. There has been a lot of sand lifting on this ghat in the east, due to which potholes have been formed in the river at some places, due to which the villagers remain afraid of children and cattle drowning. Also, there was a lot of air pollution problem during the previous excavations. The level of the river has also fallen below the pain level, due to which the villagers face difficulty in irrigation. Here there is only one river for irrigation of villagers which is this mountain river. A demand was made to restart this sand ghat.
