Date of Public Hearing	02/08/2024 at 12:00 Hrs
Venue	Tehsil Office- Meskaur, District– Nawada

S.No	Name & Address	Issues Raised by Locals/Public
01	Shri Jitendra Kumar, Address: Paroria District: Nawada.	It was said by them that there is no sand in the river. Therefore, it is requested that the project proposal related to mining from this sand ghat should not be approved. <i>It was told by the environmental consultant of the proponent that the ghat has been selected on the basis of the district survey report and the proposal for mining project of this ghat has been brought in the light of sand availability.</i>
02	Shri Abhay Kumar, (A Director of the Proposer Company) Village: Meskaur, District: Nawada.	It was suggested by them that if there is cooperation of the district administration in this mining work, then we will be able to implement this project. <i>It was informed by the environmental consultant of the proponent that your suggestion will be placed before the competent authority.</i>
03	Shri Akhilesh Singh, Village: Shahpur Sarai, District: Nawada.	They said that there is no sand on the proposed ghat and environmental approval should be given only after confirming this from the district level committee.
04	Shri Manish Kumar, Village: Dhangaon, District: Nawada.	The above points were also reiterated by them that there is less sand in the river, hence in the above situation, if mining is done at greater depth, there may be a problem of water. Therefore, it is requested that the project related to this sand ghat should not be approved. <i>In this regard, it was told by the environmental consultant of the proponent that sand will be mined by them only to a depth of 2 meters within the prescribed limit, due to which water problem will not arise.</i>
05	Shri Umesh Singh, Village: Dhangawan, District: Nawada.	They said that before giving mining permission, further action should be taken only after checking the availability of sand. <i>It was informed by the environmental consultant of the proponent that your views will be placed before the competent authority for appropriate decision.</i>
	<i>All the people present in this public hearing unanimously requested not to approve the mining project related to this sand ghat.</i>
